FIG. 7

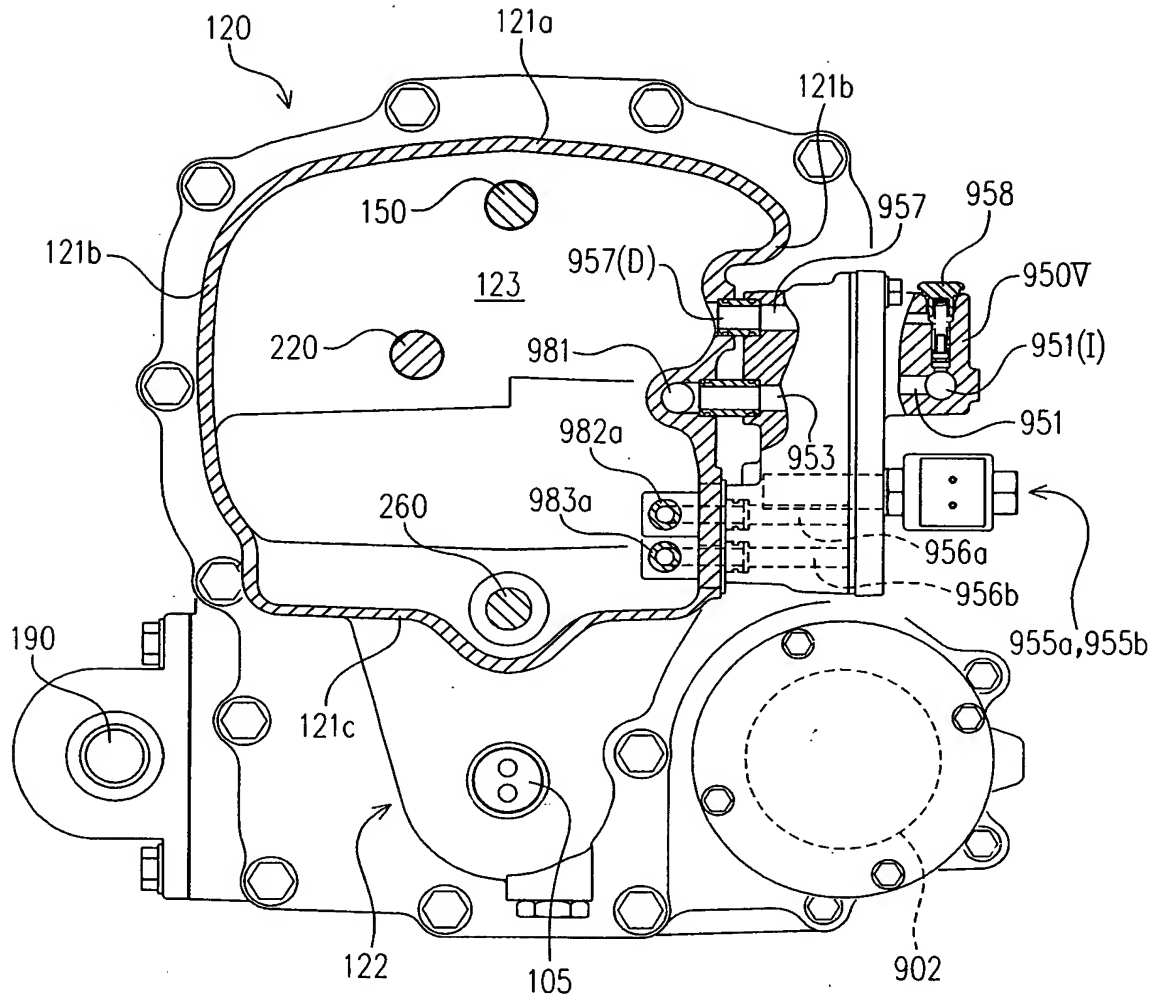

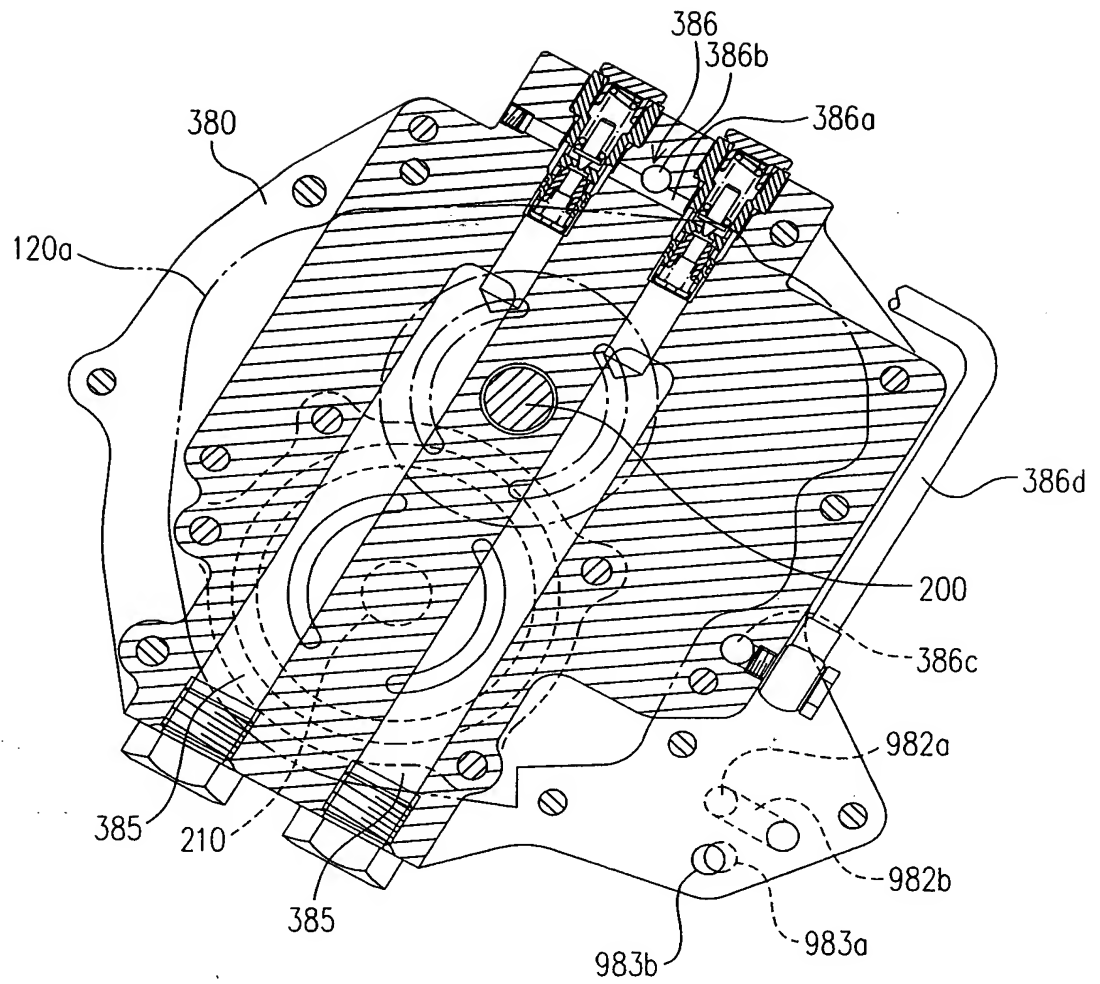

FIG. 8

A detailed cross-sectional view of an internal combustion engine assembly. The diagram shows two cylinders at the bottom, each containing a piston (808) connected to a crankshaft (101). Above the pistons are intake and exhaust valves (401, 402) controlled by a camshaft mechanism (471, 472, 473, 474). The entire assembly is housed within a cylinder head (130) and a base plate (135). Various other parts are labeled with numbers such as 190, 820, 825, 100a, 100b, 101a, 101b, 102, 105, 902, 131a, 131b, and 150.
